### House Appropriations Request FY 2011

**Project Name:** Western Cary Stream Restoration  
**Recipient:** The Town of Cary  
**Recipient Address:** 316 N. Academy St. P.O. Box 8005

**Recipient City:** Cary  
**Recipient State:** North Carolina  
**Recipient Zip:** 27512-8005

**Amount of Request:** \$310,000.00

#### Explanation of the request:

The requested funds will support local efforts to protect and restore important tributaries of the Jordan Reservoir, such as the town's adoption of a stream buffer ordinance requiring a 100-foot riparian buffer on all perennial and intermittent streams in Cary rather than the minimum 50-foot buffer area required in the Neuse River Rules. This is a valuable use of taxpayer funds because The Town of Cary has been experiencing tremendous growth. As a result, the water quality of the streams and wetlands that flow into and protect the Jordan Reservoir, the source of drinking water for the Town of Cary and surrounding communities, is being threatened.

*In order to offer more opportunity for public scrutiny, I have posted information on each project request submitted to the Appropriations Committee at the time the request was made.*
